

Jamesville-DeWitt Central School District
2018-2019 Election Results

The students of Jamesville-DeWitt Central Schools are extremely fortunate to reside in a community where people value and support the education of its children. The budget placed before the voters on May 15th was approved by the community. This budget will support the continuation of a quality comprehensive program for our diverse student body from kindergarten through graduation.

Our ability to maintain a safe and functional bus fleet will also continue with the approval of the purchase of four buses with cameras.

Mark Schulman, Juanita Rivera-Ortiz and Wendy Rhodes were elected to the Board of Education. The details are below.

**We deeply appreciate your continued support for the students of Jamesville-DeWitt.
They make us all very, very proud!**
