Community Relations

**SUBJECT:** Public Sales on School Property

The Board of Education prohibits commercial sales on school property except when the proceeds of such sales benefit an educational or charitable purpose. In such instances, a permit may be requested from the Superintendent of Schools for the use of school property for public sales.

School organizations and parent associations may earn money through fund raising activities or sales on school property subject to the approval of the building principal.

Rules and regulations for public sales on school property shall be developed by the administration.

New York State Constitution  
Article 8, Section 1  
Education Law Section 414
