SECTION 1: MISSION, EXPECTATIONS, and SPORTSMANSHIP

[NYSPHSAA CODE OF ETHICS](#)

(linked to document)

IT IS THE DUTY OF ALL CONCERNED WITH HIGH SCHOOL ATHLETICS:

1. To emphasize the proper ideals of sportsmanship, ethical conduct and fair play.
2. To eliminate all possibilities which tend to destroy the best values of the game.
3. To stress the values derived from playing the game fairly.
4. To show cordial courtesy to visiting teams and officials.
5. To establish a happy relationship between visitors and host.
6. To respect the integrity and judgment of the sports officials.
7. To achieve a thorough understanding and acceptance of the rules of the game and the standards of eligibility.
8. To encourage leadership, use of initiative and good judgment by players on the team.
9. To recognize that the purpose of athletics is to promote the physical, mental, moral, social and emotional well-being of the individual players.
10. To remember that an athletic contest is only a game – not a matter of life and death for player, coach, school, fan or community

EQUITY, INCLUSION, AND DIVERSITY IN ATHLETICS AT JAMESVILLE DEWITT CENTRAL SCHOOLS

At Jamesville-DeWitt Central School District, our athletic program is a vital extension of the educational experience and reflects the values outlined in our district's mission and beliefs. We are committed to ensuring that all students—regardless of race, ethnicity, gender identity, sexual orientation, socioeconomic background, language, ability, or family status—have equitable access to participation and success in athletics.

We believe athletics can be a powerful platform for fostering a safe, inclusive, and respectful environment where all student-athletes feel welcomed, supported, and celebrated. Our athletic program believes that diversity strengthens teams, builds character, and enhances the educational journey of every student-athlete.

As such, we are committed to the following:

- **Equitable Opportunity:** We ensure that all students have access to high-quality athletic programs, facilities, and coaching, including differentiated support where needed to remove barriers to participation and achievement.
 - **Inclusive Environment:** Every athlete will be treated with dignity and respect, and we will actively work to eliminate discrimination, racism, and bias—intentional or unintentional—from our athletic culture.
 - **Culturally Responsive Practices:** Coaches, staff, and student-athletes will engage in ongoing education and reflection to understand the impact of identity and culture in sports. Professional development in culturally responsive and sustaining practices will be a regular component of athletic staff training.
- Representation and Leadership:** We strive to recruit, retain, and support a diverse coaching staff that reflects our student population and models inclusive leadership on and off the field.
- **Community Engagement:** Families and caregivers, particularly those from underrepresented groups, are recognized as essential partners in our athletic program. We welcome their voices and contributions in shaping a positive, equitable sports experience for all students.

Participation in Jamesville-DeWitt athletics is not only a privilege but also a responsibility to uphold the values of equity, inclusion, sportsmanship, and integrity. Together, we aim to ensure that every student-athlete thrives, grows, and succeeds—both in competition and in life.

SECTION III MISSION STATEMENT

The mission of Section III Athletics is to provide a governing body that shall organize, administer and facilitate the interscholastic athletic program for member schools of Section III of the New York State Public High School Athletic Association (NYSPHSAA). Section III Athletics shall:

1. Interpret and support its own rules and regulations as well as those of the Commission on Education and the NYSPHSAA
2. Strive to continually strengthen programs and improve athletic opportunities for students in grades 7 - 12.
3. Lead, assist and involve all constituents in developing and maintaining consistent, equitable competition.
4. Not be responsible for school and league rules and athletic programs planned and controlled by leagues and their personnel. All Section III schools must abide by game rulebooks, league, Section III and NYSPHSAA adopted variations.

SECTION III SPORTSMANSHIP POLICY for ATHLETES and COACHES

The Section III Sportsmanship Policy clearly states "that athletes and/or coaches who have been disqualified from athletic contests for unsportsmanlike conduct shall not be permitted to participate in the next previously scheduled contest".

The penalty for any ejections from any contest that occurs in the last game or games of a season will carry over to the next sport season in which the ejected athlete or coach participates.

ALL red cards in soccer and all ejections in other sports that result in the sit-out rule being applied will result in a progressive series of penalties as follows:

1. 1st Ejection -- Player or Coach is suspended from the next regularly scheduled contest.
2. 2nd Ejection in a Season -- Player or Coach is suspended from next two regularly scheduled contests.
3. 3rd Ejection in a Season -- Player or Coach is suspended for the remainder of the season.

The intent of the rule is as stated. Therefore, if an athlete and/or coach was in fact unsportsmanlike, then they shall not play or coach as stated. If a school investigates a disqualification and finds justification for not applying the penalty, (the person was not unsportsmanlike, being the only acceptable reason) then that school must notify all pertinent parties of this decision. (Officials, Section III Office, next opponent(s), opponents when disqualification occurred).

Relief should only be granted for rules infraction disqualifications that are not unsportsmanlike. Examples: running out of the lane in a track meet - wrong athlete is disqualified

The designated reporting form is to be completed and mailed within seven (7) days of a disqualification, by the Athletic Director of the school that has had athletes and/or coaches disqualified.

Failure to notify, or delinquency in reporting disqualifications may result in school being reprimanded by the Section III Executive Committee. Future shortcomings in this area will result in stronger disciplinary action.

A school administration that fails to enforce this policy will have a contest forfeited in which the offending individual participates as an ineligible participant (next previously scheduled contest). This notification must take place before the next contest. Time restrictions may require that telephone communications take place in order to properly notify all parties.

SECTION III ATHLETIC DISQUALIFICATION DISQUALIFICATION POLICY:

A coach, player or official who strikes, shoves, kicks, or makes other physical contact with the intent to annoy, harass or intimidate another person shall be expelled immediately and banned from further participation in all sports for a period to be determined by the Section not to exceed one year from the date of the offense.

Section # 3 Rules: Schools must self-report within 24hrs on the ejection, regardless of officials documenting the event. (FORM: Filled out online Section #3 home page, email confirmation will be shared with the school once completed).

Disqualifications (Ejections) All ejections from all sports of any player, coach or school support personnel at all levels must be reported on the Section III disqualification form within one working day of the incident. There is no provision in Section III or New York State Public High School Athletic Association rules to review video for the purpose of voiding a suspension associated with an ejection.

Coach:

Any coach excluded by a certified official from an inter-school competition for unsportsmanlike conduct, including but not limited to taunting, is ineligible to coach any inter-school competition in that sport until after the next previously scheduled contest at the same level (e.g. junior varsity, varsity, etc.) has been completed. In individual sports, a multi-day contest is considered to be one contest.

Disqualification from one season carries over to the next season of participation. The coach may not be present at the game site nor communicate in any manner during the contest with any person present at the site.

NOTE: "Not being physically present at the site" means the disqualified coach is not to be present in the locker room, on the sidelines, in the stands or site area before, during or after the game/meet. Any coach ejected from: a. One ejection, shall not participate in the next regularly scheduled contest. b. A second ejection in the same sport, in the same season, shall not participate in the next two regularly scheduled contests.

c. A third ejection in the same sport, in the same season, will not be allowed to participate for the rest of the season. If the third ejection takes place in the last contest of the season (regular season or post schedule play), the Section Athletic Council will assess the penalty carrying over into the next season of participation. If a coach's behavior reaches the stage of being unreasonable and such behavior warrants the ejection of the coach from the contest, the school is solely responsible for providing team and/or individual student athlete supervision. In the event that no certified coach, who is approved by the board of education, is available, the contest will be terminated and forfeited.

Player:

Any member of a squad ruled out of a contest (scrimmage/game) for unsportsmanlike conduct, including taunting, or for a flagrant foul, or its equivalent for that sport, shall not participate in that sport in the next previously scheduled contest with a member school or in NYSPHSAA tournament play, but may be present on site at the discretion of the school district. In individual sports, a multi-day contest is considered to be a contest. The contest in which the athlete was disqualified must count in the total maximum number of contests permitted.

Disqualifications from one season carry over to the next season of participation. 16 Disqualifications cannot be appealed unless it's a wrongly identified player. Any player ejected from a contest will be subject to the following sanctions: a. One ejection shall not participate in the next regularly scheduled contest. b. A second ejection in the same sport, in the same season, shall not participate in the next two regularly scheduled contests.

A third ejection in the same sport, in the same season, will not be allowed to participate for the rest of the season. d. All-Stars games or activities are not counted as a "regularly scheduled contest" and athletes/coaches in question may not participate until the suspension is served. If the third ejection takes place

in the last contest of the season (regular season or post schedule play), the Section Athletic Council will assess the penalty carrying over into the next season of participation.

Football Disqualification

Football disqualifications state that any athlete ejected from a football game will be suspended from contest play for the next two consecutive halves. Coaches and school personnel will be suspended for the next full game.

Appeals:

At the December 2010 NYSPHSAA Executive Committee meeting, a rule change gave the authority to each Section to hear only appeals of a misidentified player, review clear and concise evidence and penalize the appropriate student athlete. All other ejections stand without appeal.

The intent of the rule is as stated. Therefore, if an athlete and/or coach was in fact unsportsmanlike, then they shall not play or coach as stated.

NYSPHSAA POLICY for UNRULY SPECTATORS

In 2023, New York State Public High School Athletic Association (NYSPHSAA) instituted a policy to address unruly fans. The details of the policy are included this excerpt from the NYSPHSAA Handbook below:

Expectation Statement: Officials, just like student athletes and coaches, are critical to interscholastic sports programs. Without officials, NYSPHSAA and its member schools would not be able to provide interscholastic sports in the manner that is desired and expected by student athletes, coaches, and parents. Spectators are expected to “Be Loud, Be Proud, and Be Positive.” Negative comments and inappropriate behaviors by spectators are required to be addressed by all and any school supervisors and administrators, as a member of NYSPHSAA. Spectators may be prohibited from attending current and future interscholastic contests based on their behavior.

Spectator Regulation: Any negative, inappropriate, derogatory comments or actions that draw the direct attention of a supervisor or school administrator by a spectator or group of spectators are required to be addressed by the host school, Sectional or NYSPHSAA representative in the following non-sequential order depending on the comments or behavior:

- **First warning** – Directing the spectator or group of spectators to refrain from any negative comments or actions.
- **Second warning** – A personal discussion with the spectators or group of spectators on the above NYSPHSAA expectations and reminding the spectators or group of spectators of the next step, removal of the game or event, will be utilized if the behavior continues.
- **Removal from the contest** – The spectator or group of spectators will be directed to leave the facility for the remainder of the game or event. If spectators or a group of spectators refuse to leave the game or event, play will be stopped until they vacate the premises.

Penalty for being removed from a game or event: Any spectator removed from a game or event will have a minimum penalty of completing the [NFHS Parent Credential course](#) or a one game suspension before they are allowed to attend any interscholastic event. Once the course is completed the spectator will provide a certificate of completion to the athletic department office. Schools are required to communicate with the offending spectator on the NYSPHSAA Sportsmanship Spectator Expectations.

Depending on the severity of the behavior/comments or future disqualifications by the offending spectator NYSPHSAA and the Section may get directly involved in the situation.

COMBATIVE PARENT POLICY

We are committed to fostering a positive and respectful environment for our student-athletes, coaches, and families. The role of our coaches is vital in guiding and developing our athletes, and it is essential that all interactions between parents, family members, and coaches adhere to established boundaries.

In order to ensure a constructive atmosphere, any verbal or physically combative behaviors that undermine this environment—such as yelling, arguing, using inappropriate language, threatening, or intimidating coaches—will not be tolerated. Parents are expected to follow the code of ethics and expectation guidelines outlined in this handbook.

In the event that a parent or family member violates these boundaries, the following protocol will be implemented:

1. The coach will report the incident to the Athletic Director (AD) in writing via email.
2. The AD will conduct an investigation into the reported issue, involving the School Resource Officer (SRO) and principal as necessary.
3. The AD will meet with the coach to discuss the findings of the investigation (if the findings are deemed valid).
4. Following this, the AD will meet with the parents involved in the incident and document the discussion.
5. A resolution will be provided in writing, which may include one or more of the following actions:
 - A formal warning regarding the incident.

- Suspension of spectator privileges for one or more games.
- A ban from attending events as a spectator for the remainder of the season.
- SRO-Criminal Investigation reported to the Town Of Dewitt Police.

We appreciate the cooperation of all parents and family members in maintaining a supportive environment for our student-athletes. Thank you for your commitment to upholding these standards.

Age / Grade

A student shall be eligible for interschool competition in grades 9, 10, 11 and 12 (not to exceed four consecutive years) until his/her nineteenth birthday. If the age of nineteen years is reached on or after July 1, the student may continue to participate during that school year in all sports.

- **NOTE:** Students may be eligible regardless of age or grade if they have been approved through the State Education Department's Athletic Placement Process. The 15-year-old below the 9th grade needs only to meet the Athletic Placement Process maturity standards to be eligible at the high school level.

Amateur

A student who represents a school in an interscholastic sport shall be an amateur in that sport. An amateur is one who engages in athletic competition solely for the pleasure of the activity and for the physical, mental, and social benefits derived from participation and has not been compensated with money, gift cards / certificates, or prize money that hasn't been approved by NYSPHSAA. NYSPHSYAA N.I.L rules 2025 enforced for high school athletes.

Bona Fide Student

A student must be a bona fide student of the high school represented and must be taking at least four subjects including Physical Education. Exceptions for special cases must be approved by the League and Section.

ATHLETIC PLACEMENT PROCESS (APP)

(linked to JD athletics page)

We promote and encourage student-athletes to play at grade-level. As a fundamental starting point, grade 7 and 8 students should be placed on the middle school programs, students in grades 9 and 10 on the junior varsity teams and students in grades 11 and 12 should be placed at the varsity level.

Eighth grade students may be considered for placement on junior varsity and varsity squads in all sports that are offered. Seventh grade students may be considered for placement on a junior varsity or varsity only if the requested sport is not offered at the modified level. The Superintendent and/or Athletic Director can approve exceptional cases for elite athletes in 7th grade to try out, but must have written permission and evaluated by the AD. Coaches will determine which students play on either junior varsity or varsity levels.

Deadlines for Parent/Guardian requests:

- Fall Sports Season – August 15
- Winter Sports Season – November 15
- Spring Sports Season – March 15

MORE INFORMATION: [Athletic Placement Process for Inter School Athletic Programs document](#).

COMBINED TEAMS

(from NYSPHSAA handbook, pg 30)

Definition: The joining together of students from two or more-member schools in the same district or proximity to form a single team.

Combined teams are subject to the following conditions:

1. Permission must be obtained from the league and section on an annual basis.
2. Section approval must be reported to the NYSPHSAA, Inc., Executive Committee.
3. Section shall determine the deadlines for schools to merge or demerge programs.
4. If a non-public school is part of the merger, the "merged" team may be subject to the Section's Classification of Non-Public School Committee.

5. If a merger is denied by the Section, schools have the ability to resubmit a merger using 100% of all schools BEDS enrollment numbers.

Combined teams are the responsibility of the host school.

- Discipline:
 - Jamesville-DeWitt combined teams are governed by the regulations of both the host and home schools. Any violations will be addressed collaboratively by the athletic directors of both institutions. Following an investigation, the athletic directors will determine appropriate consequences in accordance with the schools code of conduct.
- Financial:
 - ADs of the combined schools communicate the needs and financial responsibilities and responsibilities will be laid out in the individual agreements
 - Partnering schools will be involved to assist if their students have specific needs not provided by the host school and/or included in the original agreement.
 - Booster Club support is separate from school responsibility and funds will be expended on JD athletes only.

FOREIGN EXCHANGE and INTERNATIONAL ATHLETE PARTICIPATION GUIDELINES

(from NYSPHSAA handbook, pg 32)

The following criteria apply to all Foreign Exchange and International students:

1. Students who have graduated from the secondary school system in their country are ineligible for the interschool athletic program.
2. No member of the school's coaching staff or athletic director, paid or voluntary, shall serve as a host family. School districts may apply to the Section for a waiver if the student is living with a member of the school's coaching staff or athletic director and if the student has not played the sport competitively.
3. There shall be no evidence that a student, school or other interested party has influenced the assignment of the foreign exchange or international student to a school for athletic purposes.
4. Students must possess the appropriate visa.
5. The foreign exchange and international student must comply with all other NYSPHSAA and NYSED eligibility requirements.

Foreign Exchange Student Athletes: The exchange must be through a program approved by the Council of Standards for International Exchange and Travel. All Foreign Exchange Students must be reported to the Athletic Department for submission to the Section III office. Athletes are not permitted to practice before the form has been submitted. Athletes are not permitted to compete without approval from Section III.

With the Athletic Director's help, foreign exchange students must complete the Section III form and the Exchange Program Information. Foreign exchange students will need the Name and Department Code to compete.

International Student Athletes: An International student is a student that is enrolled in a NYSPHSAA member school, who is not enrolled in a foreign exchange program nor living with his/her parents (or other persons with whom the student has resided for at least six months prior). All international students are considered to be transfer students. Eligibility is determined under the transfer rule. NOTE: If an International student has participated in an organized sports program in a particular sport, equivalent to or on a higher level than our high school programs, he/she is ineligible to participate in that sport for one year.

MIXED COMPETITION

(linked to and from Commissioner guidelines, from NYSPHSAA handbook, pg 36)

Definition: Male and female students on inter school athletic teams.

Equal opportunity to participate in inter school competition either on separate teams or in mixed competition on the same team shall be provided to male and female students, except as hereinafter provided.

In schools that do not provide separate competition for male and female students in a specific sport, no student shall be excluded from such competition solely by reason of sex except in the following circumstances:

Fitness Level Review: In the sports of baseball, basketball, football, ice hockey, lacrosse, soccer, and wrestling, the fitness of a given student to participate in mixed competition shall be determined by a review panel consisting of:

1. school physician
2. physical education teacher designated by the principal of the school
3. if requested by the parents of the pupil, a physician selected by such parents

Such a panel shall make its determination by majority vote of the members, and in accordance with standards and criteria issued by the department.

Adverse Effect of Participation: the superintendent of schools or the section may decline to permit a male or males to participate on a team organized for females upon a finding that such participation would have a significant adverse effect upon the opportunity of females to participate successfully in interschool competition in that sport.

NOTE: In the instance of an exceptional female in a sport with separate competition for male and female pupils in inter school athletic competition in a specific sport, the superintendent of schools may permit a female(s) to participate on a team organized for males. However, where separate competition is provided, males may not participate on teams organized for females.

NYSPHSAA requires that the names of girls and boys who participate on a team of the opposite sex be submitted to the league and section before any inter school contest in that sport. Teams with multiple representations of boys and girls must be declared girls or a boys' team by their schools, prior to the first competition.

The Athletic Office & AD will complete the Mix Competition form before an athlete can compete in the sporting event.

TRANSFER STUDENT GUIDELINES

(from NYSPHSAA handbook, pg 49)

NOTE: The Transfer Rule will be enforced as written with no variations permitted.

NOTE: A student's eligibility is determined by the situation/ facts at the time of registration.

- A. A student in grades 9-12 who transfers, with a corresponding change in residence of his/her parents (or other persons with whom the student has resided for at least six months) shall become eligible after starting regular attendance in the second school. A residence change must involve a move from one school district to another. Furthermore, when a student moves from a public school district to another public-school district for athletic eligibility the student must enroll in the public-school district or in a private school within that district's boundaries of his/her parent's residency. For athletic eligibility, a residency is changed when one is abandoned by the immediate family and another residency is established through action and intent. Residency requires one's physical presence as an inhabitant and the intent to remain indefinitely. The Superintendent, or designee, will determine if the student has met district residency requirements.
- B. A student who transfers without a corresponding change in residence of his/her parents (or other persons with whom the student has resided for at least six months prior) is ineligible to participate at the varsity level in any interscholastic athletic contest in a particular sport for a period of one (1) year if as a 9-12 student participated in that sport during the one (1) year period immediately preceding his/her transfer. NOTE: Students in grades 7-10, shall be eligible to participate at the sub-varsity level and practice at all levels, while students in grades 11-12 shall be limited to practice (all levels) only. (July 2019). At no time during the one-year period of ineligibility at the varsity level should a student participate in a scrimmage or be an exhibition participant at the varsity level.

Students who transfer from any school to the public-school district of the residence of his/her parents (or other persons whom the student has resided for at least six months) or a private school within that

district's boundaries shall receive a waiver from the Transfer Rule. Such a transfer without penalty will only be permitted once in a high school career. **Schools must submit the required transfer form to the Section office. Athletes are not permitted to practice before the form has been submitted. Athletes are not permitted to compete without approval.**

NOTE: A student in a foreign exchange program listed by CSIET has a one-year waiver of the Transfer Rule. If such a student elects to stay a second year he/she becomes a foreign student at the start of the school year with item (b) in effect.

Exemptions to (B):

For athletic eligibility, a student must enroll in the public-school district or in a nonpublic school within that district's boundaries of his/her parent's residency.

1. The student reaches the age of majority and established residency in a district and can substantiate that they are independent and self-supporting.
2. If a private or parochial school ceases to operate a student may transfer to another private or parochial school of his/her choice. Otherwise, a student must enroll in the public-school district of his/her parents' residency.
3. A student who is a ward of the court or state and is placed in a district by court order. Guardianship does not fulfill this requirement.
4. A student from divorced or "legally" separated parents who moves into a new school district with one of the aforementioned parents. Such a transfer is allowed once every six months. The legal separation agreement must address custody, child support, spouses support and distribution of assets and be filed with the County Clerk or issued by a Judge.
5. A student who is declared homeless by the superintendent pursuant to Commissioner's Regulation 100.2.
6. A student of a military employee who is transferred to an active military base may enroll in the non-public school closest to their residence and maintain eligibility if the student enrolls in a non-public school immediately following the change in residence.

NOTE: It is provided, however, that each school shall have the opportunity to petition the section involved to approve transfer without penalty based on an undue hardship for the student. Educational Waivers will not be considered as an undue hardship effective for the 2015-2016 school years.

- C. Transfer students trying out for sports before school opens in the fall shall register and be accepted by the principal of that school before the medical examination and the first practice. This shall constitute the start of the regular attendance for falls sports. NOTE: After approval by the school medical officer a student may practice immediately and must satisfy the specific sports standard according to the number of practice sessions.
- D. Practices at the previous school may be counted toward the minimum number of practices required provided the principal or athletic director of the previous school submits, in writing, the number and dates of such practices to the principal or athletic director of the new school.
- E. 7th and 8th graders that compete at the high school level will be subject to the transfer rule in "that" sport (effective with the 2017-2018 school years).

TRANSGENDER GUIDELINES

(from NYSPHSAA handbook, pg 51)

The NYSPHSAA recognizes the value of participation in interscholastic sports for all student athletes. The NYSPHSAA is committed to providing all students with the opportunity to participate in NYSPHSAA activities in a manner consistent with their gender identity and the New York State Commissioner of Education's Regulations.

The Dignity for All Students Act (DASA) prohibits discrimination and/or harassment of students on school property or at school functions by students or employees. The prohibition against discrimination includes discrimination based on a student's actual or perceived sex and gender. Gender includes a person's actual or perceived sex as well as gender identity and expression.

Procedure:

1. The student or the parent(s)/guardian shall notify the Superintendent (or designee) that the student would like the opportunity to participate in interscholastic athletics consistent with the gender he/she identifies as.
2. The student's home school will determine the eligibility of a student seeking to participate in interscholastic athletics in a manner consistent with his/her gender identity where the student's gender identity does not correspond to his/her sex assigned at birth.
3. The Superintendent (or designee) will confirm the gender identity asserted for purposes of trying out for an interscholastic sports team through documentation from the parent, guardian, guidance counselor, or from a doctor, psychologist or other medical professional.
4. On a seasonal basis the school will provide approval of eligibility to try out for an interscholastic sports team or teams which correspond to the student's gender identity.
5. The Athletic Director should notify the NYSPHSAA if any accommodations are needed.

For purposes of the above guidelines the following definitions will apply:

- **Assigned Sex at Birth:** the sex designation, usually male or female, assigned to a person when they are born.
- **Gender Expression:** the manner in which a person represents or expresses gender to others, often through behavior, clothing, hairstyles, activities, voice or mannerisms.
- **Gender Identity:** a person's gender- related identity, appearance or behavior, whether or not that gender-related identity, appearance or behavior is different from that traditionally associated with the person's physiology or behavior assigned sex at birth.
- **Gender non-conforming (GNC):** a term used to describe people whose gender expression differs from stereotypic expectations. The term "gender variant" or "gender atypical" are also used. Gender nonconforming individuals may identify as male, female, some combination of both, or neither.

- **Sexual Orientation**: a person's sexual orientation and sexual attraction to other people based on the gender of the other person. Sexual orientation is not the same as gender identity. Not all transgender youth identify as gay, lesbian or bisexual, and not all gay, lesbian and bisexual youth display gender-nonconforming characteristics.
- **Transgender**: an adjective describing a person whose sex assigned to him or her at birth does not correspond to their gender identity.
- **Transition**: the process in which a person goes from living and identifying as one gender to living and identifying as another.
- **Privacy Policy**:

All discussions and documentation shall be kept confidential to the extent permitted by law unless the student and the family make a specific request in writing.

Appeals:

All appeals with respect to a District's determination as to eligibility of a transgender student to participate in interscholastic sports will go directly to the Commissioner of Education.

EXTRACURRICULAR ELIGIBILITY POLICY

HIGH SCHOOL EXTRACURRICULAR ELIGIBILITY POLICY

Introduction

JDHS eligibility requirements are established to ensure that students can participate in any extracurricular activity that is non credit bearing or to ensure access to senior privileges. The following definitions are used in this policy:

- Extracurricular Activities: non credit bearing activities such as athletics, clubs, student performances, activities, trips not connected to class and curriculum.
- Core Classes: Core classes can be defined as math, science, social studies, world languages, physical education, English and health.

Students who do not meet these conditions are considered to be on “academic probation” until the next report card.

Probation & Eligibility Timelines

Within a week after the distribution of report cards, an eligibility report will be processed by school administration, and will share that list with School Counselors, Athletic Department, and club advisors.

School counselors will notify students and families of a student's ineligibility.

A student is able to regain eligibility by having a passing score in the previously failing class, but will remain on probation until the end of the semester.

The following timeline provides descriptions of actions and outcomes for students in weeks one and two of ineligibility.

Week	Description	Actions	Outcomes
One	Students will not be allowed to participate in any extracurricular activities, including attending games.	Students will meet with counselors to develop a plan for attending extra-help sessions during the activity period. CONCUSSION PROTOCOL and MANAGEMENT

(linked to district’s full policy)

Concussion Management and Awareness Act

The Board of Education recognizes that concussions and head injuries are the most commonly reported injuries in children and adolescents who participate in sports and recreational activities. The physical and mental well-being of our students is a primary concern. Therefore, the Jamesville-DeWitt School District adopts the following policy to support the proper evaluation and management of concussion injuries.

A concussion is a mild traumatic brain injury (MTBI). A concussion occurs when normal brain functioning is disrupted by a blow or jolt to the head or body that causes the head and brain to move rapidly back and forth. Recovery from concussion and its symptoms will vary. Avoiding re-injury and over-exertion until fully recovered are the cornerstones of proper concussion management. Concussions can impact a student’s academics as well as their athletic pursuits.

CONCUSSION IDENTIFICATION, RETURN TO PLAY, AND MANAGEMENT

Identification of Concussion and Removal from Athletic Activities:

The District requires the immediate removal from all athletic activities of any student who has sustained, or is believed to have sustained, a MTBI or concussion. Any student demonstrating signs, symptoms, or behaviors consistent with a concussion while participating in a class, extracurricular activity, or interscholastic athletic activity will be removed from the class, game, or activity and must be evaluated as soon as possible by an appropriate health care professional. This removal must occur based on display of symptoms regardless of

whether the injury occurred inside or outside of school. If there is any doubt as to whether the student has sustained a concussion, it will be presumed that the student has been injured until proven otherwise. The District will notify the student's parents and recommend appropriate evaluation and monitoring.

The District may, in collaboration with their Medical Director, allow District staff who are appropriately licensed or certified healthcare professionals and credentialed to use validated neurocognitive computerized testing to review and obtain baseline and post-concussion performance data. These tools are not a replacement for a medical evaluation to diagnose a concussion or clear a student to return to activities. The District must seek authorization from the parent prior to the testing. Additionally, parents should be given a copy of the results.

The District shall follow any directives issued by the student's treating physician with regard to limitations and restrictions on school and athletic activities for the student. The District's Medical Director may also formulate a standard protocol for treatment of students with concussions during the school day.

The standards for return to athletic activity will also apply to injuries that occur outside of school. School staff should be aware that students may exhibit concussion symptoms caused by injuries from outside activities and that these visible symptoms also indicate a removal from play.

Return to School Activities and Athletics:

If a student has been evaluated by a doctor or the athletic trainer for a potential concussion, the result or the evaluation will be as follows:

RESULT OF CONCUSSION EVALUATION	
YES - follow each of the guidelines below, in sequence.	NO
The student / athlete cannot return to physical activity (including athletics, physical education class and recess) until he/she has been symptom-free for not less than twenty-four (24) hours	May return to play / athletics
Must be evaluated and receive written authorization from a licensed physician to begin the return to play protocol (RTP)	
Complete RTP Protocol under supervision of Athletic Trainer or School Nurse <ul style="list-style-type: none"> Complete the required exercise that will increase in intensity each day. <ul style="list-style-type: none"> Athlete must be symptom free in order to move on to the next step Athlete must wait 24 hrs. between each step of the RTP Protocol 	
School sends concussion RTP paperwork to the district Medical Director who, In accordance with Commissioner's Regulations, will give final clearance on a return to activity for extra-class athletics. All such authorizations shall be kept on file in the student's permanent health record.	

Post-Concussion Management:

Private medical provider's orders for avoidance of cognitive and physical activity and graduated return to activity should be followed and monitored both at home and at school.

In accordance with NYSED guidelines, this Policy shall be reviewed periodically and updated as necessary in accordance with New York State Education Department guidelines. The Superintendent, in consultation with the District's Medical Director and other appropriate staff, may develop regulations and protocols for strategies to prevent concussions, the identification of concussions, and procedures for removal from and return to activities or academics.

ISSUANCE OF SCHOOL CLOTHING AND EQUIPMENT

It is the responsibility of each athlete to return all of their school-issued clothing and equipment to the coach at the end of the season. At the end of each season, each coach will provide a list of outstanding items to the

Director of Athletics. Failure to return all school equipment / uniform items will result in the athlete being placed on the **STOP LIST**. The athlete will remain on the STOP LIST until their items are returned OR replacement fee of **\$50.00 per item**.

NOTE: If the fee presents a financial hardship for the family they can contact the athletic office for support.

PARENT MEETING:

Attendance for this meeting is mandatory and is essential for both coaches and families at the beginning of each season. This meeting provides an opportunity for parents to meet the coaching staff and gain crucial information that contributes to the success of the team. Key topics will include team rules, practice times, and game schedules. Additionally, we will discuss the importance of Parent Square reminders and the implications of missing practices. This meeting serves as a foundation for effective communication and collaboration

PARENT SQUARE:

ParentSquare is a unified communication platform used for both district and athletic department communications. ParentSquare is the district approved method for electronic communication between coaches, parents and athletes. All in season communication directly related to district athletic events should occur via ParentSquare.

(July 2022) Hair adornments, including beads, may be worn provided they are secured and do not present a safety hazard to the player, teammates, or opponent(s). (May 2022) Head coverings worn for religious reasons are permitted and shall not be made of abrasive or hard material and must fit securely. (September 2022)

General Rule:

The NFHS has generally moved towards allowing jewelry in high school sports, aligning with NCAA rules in some cases.

BRANDING / SPONSORSHIP

All branding materials utilized on Jamesville-DeWitt sports uniforms, banners, swag gear, and merchandise must align with the district-approved branding established in 2025. It is imperative that all team stores and team gear adhere to these updated branding guidelines to maintain a cohesive and professional image for our athletic programs. Please ensure that all designs, logos, and promotional materials reflect this approved branding. Compliance with these guidelines will not only enhance our district's identity but also foster a sense of unity and pride within our teams. Should you have any questions or require further clarification, please contact the Athletic office. Thank you for your cooperation in upholding our district's branding standards.

COLLEGE PRACTICE PARTICIPATION (High school players participating in practice or games)

A student cannot represent the school in that sport in that season if the student participates in practice or competition with or against any individual or team(s) representing a college that season.

Prior to competition, the NYSPHSAA Executive Director may grant an exemption of the College Rule for an individual sport athlete when vying for a standard that would qualify them for the Olympic trials and/or Olympic Games when this opportunity is not offered through the New York State Public High School Athletic Association and/or the National Federation of State High School Associations. The exemption would permit a student to participate as an "unattached" individual with no affiliation to their school team in a competition against open and college competitors in an approved competition set forth by the Olympic Committee without

DRONE POLICY

Approved May 5, 2017 (Executive Committee) The New York State Public High School Athletic Association prohibits the use or possession of unmanned aircraft or aerial systems (UAS), also known as drones, for any purpose by any person or entity at all scrimmages, regular season and postseason events. This prohibition applies to the area above and upon all spectator areas, fields of play, courts, arenas, stadiums, mats,

gymnasiums, pools, practice facilities, parking areas and or other property being utilized for the purpose of the interscholastic activity.

If there is a report of UAS activity at an athletic event school, Section and/or State Association officials will, in consultation with the sports officials, suspend the play until such time as the UAS is removed from the area as defined above or the school, Section/ State and sports officials determine it is safe to proceed. For purposes of this policy, a UAS is any unmanned airborne device or aircraft. The NYSPHSAA, Section and/or Member School reserves the right to refuse admission to anyone operating or attempting to operate a UAS or to request the immediate removal of any person using or attempting to use a UAS in violation of this policy. The NYSPHSAA Executive Director has the authority to grant an exception to this policy to public safety agencies, NYSPHSAA media partners, or other entities or individuals; the use of drones by law enforcement agencies does not require approval from the NYSPHSAA Executive Director. FUNDRAISING

Board of Education Policy 3271: SOLICITATION OF CHARITABLE DONATIONS

Students

Direct solicitation of charitable donations from District students on school property during regular school hours is prohibited. It is a violation of District policy to ask District students directly to contribute money or goods for the benefit of a charity during the hours in which they are compelled to be on school grounds. However, this policy does not prevent the following types of fundraising activities:

- A. Fundraising activities which take place off school grounds or outside of regular school hours during before-school or after-school extracurricular periods;
- B. Arms-length transactions, where the purchaser receives consideration for his or her donation. For example, the sale of goods or tickets for concerts or social events, where the proceeds go to charity;
- C. Indirect forms of charitable solicitation on school grounds that do not involve coercion, such as placing a bin or collection box in a hallway or other common area for the donation of food, clothing, other goods, or money.

The Superintendent will ultimately decide which organizations, groups, etc. can solicit charitable donations and for what purposes, as long as the activities comply with the terms of this policy and the Rules of the Board of Regents.

Personnel

Soliciting of funds from school personnel by persons or organizations representing public or private organizations is prohibited. The Superintendent has the authority to make exceptions to this policy in cases where solicitation is considered to be in the District's best interest. The Board will be notified of these instances.

Distribution of information about worthwhile area charities may be made through the Office of the Superintendent as a service to District personnel.

The Jamesville-DeWitt fundraising efforts are primarily conducted by external entities and are not affiliated with the JD school district. The JD All Sports Booster Club, Running Rams and others have received approval to conduct fundraising activities independently, under the 403C classification. This arrangement allows for a separate operational structure while supporting the district's athletic programs.

HAZING POLICY

(from JDHS Code of Conduct 24-25, p 6-7)

The Dignity for All Students Act

New York State's Dignity for All Students Act (the Dignity Act or DASA) took effect on July 1, 2012. Just as does the district's Code of Conduct, the law seeks to provide the State's public elementary and secondary school students with a safe and supportive environment free from discrimination, intimidation, taunting, harassment, and bullying (including cyberbullying) on school property, school buses, and/or at school functions, as well as foster civility in public schools. Consistent with the Dignity Act, the District prohibits acts of bullying, discrimination, and harassment against students by students and/or school employees on school property based on a student's actual or perceived race (including traits associated with race such as hair texture and protected hairstyles), color, weight, national origin, ethnic group, religion, religious practice, disability, sexual orientation, gender (including gender identity or expression), or sex. The Amendments of 2013 afford protections under DASA to include all forms of harassment of any kind.

In 2019, DASA was amended by the Crown Act to add the definition of race that included traits such as hair texture and protective hairstyles such as locs, braids, and twists in order to protect students' access to their public education regardless of how they choose to wear/style their hair. More information on the Crown Act is available from the New York State Department of Education.

Prevention is the cornerstone of the District's effort to address bullying and harassment. To implement this anti-bullying prevention program, the Board will designate, at its annual organization meeting, individuals at each school to act as the Dignity for All Students Act Coordinators (Dignity Act Coordinator). These individuals shall be thoroughly trained to handle human relations in the areas of race, color, weight, national origin, ethnic group, religion, religious practice, disability, sexual orientation, gender, sex, or any other legally protected status.

LEAVING A TEAM POLICY

This policy underscores the importance of commitment and accountability for our athletes in our athletic programs. We strongly encourage all student-athletes to honor their commitment to the team after making the decision to join or tryout. Maintaining team cohesion and integrity is vital for fostering a positive athletic environment.

Student athletes who participate on a team for:

- Gymnastics, golf, tennis - 2 weeks or more
- Everything else - 4 weeks

Consequence:

- Modified / Freshman: athletes may leave a squad at any time if in good standing
- JV: one game suspension
- Varsity:
 - Athletes who communicate and follow the process below but do not have hardship / mitigating circumstances as determined by the panel:/ AD and (2) coaches:
 - 10 or less games, one game suspension
 - 10 or more games, two game suspension
 - Athletes who leave the team but do not complete the process below: (Stop List)
 - 10 or less games, two game suspension
 - 10 or more games, four game suspension

Communication and Quit Form

Step One: Athlete speaks with their coach(es) prior to considering quitting a team. This conversation will include discussion on why the athlete is leaving with the intent to help the coach and athlete

address issues that may be contributing to the athlete's need to quit. Unavoidable or mitigating circumstances will be considered when enacting a consequence.

Step Two: Parent, athlete coach fill out [Quit Form](#) to indicate that step one has been completed.

Step Three: Quit Form paperwork is turned in to the athletic department.

PRACTICE POLICY

(Bullet points 1, 2 from NYSPHSAA handbook pages 41/42, chart from handbook page 54)

Athletes must meet all [Standards of Eligibility](#) to participate in practice.

Practice Definition:

An organized practice in grades 7-12 is a session for the purpose of providing instruction and practice in physical conditioning activities, skills, team play, and game strategy designed expressly for that sport under the supervision of a qualified coach appointed by the Board of Education of the local school district. Such instruction and practice shall be held only during the season designated for that sport.

In-Season Practices:

No student or team may be permitted to participate in school organized practice or play on seven consecutive days during the regular season. Specifically, during the regular season, physical and/or instructional activities related to the sport on seven consecutive days are prohibited.

NOTE: Any contests leading up to Sectional play is considered "regular season."

Only one practice session a day and only six days of a calendar week may be counted toward the total practice sessions required. A practice session conducted on the same day as a game cannot be counted to meet the minimum practice requirement to be eligible for that day's contest. All required practice sessions shall be organized and planned for a reasonable length of time and shall include vigorous activity specific to the sport for the purpose of improving the physical condition of the players. Warm-ups prior to a game/ contest are not considered "practice." Each of the required number of practices for an individual must include vigorous activity.

NOTE: Practice is considered an integral part of the interschool program in that sport. An individual must be eligible according to age and all other Eligibility Standards to participate in practices or competitions with the high school squad in that sport.

NOTE: Excessive missed practice with no notification may result in removal from a team.

Carryover Practices

Athletes who switch from one sport to another sport are permitted to count conditioning practices toward their new sport as follows (excluding golf):

1. Sports with six (6) practices for the individual before the first contest/ scrimmage will be allowed to carry over three (3) days.
2. Sports with ten(10) practices for the individual before the first contest/ scrimmage will be allowed to carry over four (4) days.

Practice Displacement:

Teams or individuals, with permission from the Superintendent, principal, and AD can practice during the school day if traveling and are displaced for a practice opportunity prior to a States/Regional or Section III final

Vacation / Saturday practices / contests:

As a member of the Salt City Athletic Council (SCAC) and Section 3, JD adheres to the policy of scheduling contests on weekends and vacations. When an athlete commits to a varsity or JV sport, they and their families should assume that practices and/or contests will take place over school breaks/vacations and on Saturdays.

Athletes who go away and miss practice and/or contests during breaks/vacations and / or on Saturdays should notify their coach and do so as early in the season as possible. Athletes who miss practice / games during breaks/vacations or Saturdays should expect some consequence. This may include:

- Making a team
- Playing Time
 - Miss the next scheduled game/contest after returning to the team
- Standing on the team
 - Being awarded captain or team leader
 - Removal from the team
- Receiving [athletic award\(s\)](#)

Holiday Practice / Contests - NEW

District policy prohibits scheduling of practices and games on federal and certain religious holidays. Appeals for exception must be requested in writing and addressed to the Athletic Director and must be signed off by the Superintendent.

Observed Holidays:

- Independence Day
- Labor Day
- Rosh Hashanah
- Yom Kippur
- Columbus Day
- Veteran's Day
- Thanksgiving
- Christmas
- New Years Day
- Martin Luther King Day
- President's Day
- Lunar New Year
- Good Friday
- Memorial Day
- Eid al-Adha
- Juneteenth
- Eid al-Fitr

Sunday Practice:

The Board of Education & JD policy prohibits practice on Sundays within school buildings or on outside fields, with exceptions for playoff games, sectional championships, regionals, or NYS Championships. Requests for additional practices due to quick turnaround games with rival or league implications must be submitted via email to the Director of Athletics at least one week in advance. This allows sufficient time for the Superintendent's approval and custodian arrangements. It is important to note that a custodian must be present if any JD students are on site.

Captain's Practices -

Captains' practices, defined as sessions conducted without the presence of approved JD coaching staff, are permitted exclusively during the off-season of a sports team. Participation in these practices cannot be mandatory and must adhere to the guidelines outlined in Section 3. It is essential that all involved understand these regulations to ensure compliance and maintain the integrity of the program.

1. Athletes are not supposed to practice more than 6 days in a row
2. Practice doesn't violate off season practice rules (see below)

Off Season / Out of Season Practice:

(NYSPHSAA handbook pg. 42)

School sponsored activities conducted out of the sport season such as general conditioning, weight training, weight lifting, intramurals, recreation, open gyms, club activities and camps are permitted:

1. if such programs are not mandated by coaches or school personnel;
2. if such programs are available to all students.

Non-school sponsored activities are permitted if such programs are not mandated by coaches or school personnel. Please note the following:

- any outside sports program must complete a request through the ML schedule approval process and receive approval. Note: Approval is based on the facilities regulations and guidelines outlined in the district code.
- No practices or events will be scheduled on federal or religious holidays (see list above)

Moving Players Up Policy: (End of the Season)

At Jamesville Dewitt, the process of moving student-athletes from junior varsity teams to varsity is a significant honor that recognizes their dedication, sportsmanship, and exceptional performance. To be eligible for this transition, athletes must officially join the varsity team, complete with a uniform, roster spot, and assigned jersey number, as JD does not accommodate practice players. This initiative aims to reward hard work and foster a positive team environment. Coaches are encouraged to identify and promote deserving athletes who exemplify these qualities. Those who successfully move up will also receive any earned medals and accolades from NYS and Sectional competitions. We believe this recognition contributes to both individual growth and team success.

SPECIALIZATION POLICY

It is the philosophy of the Jamesville-DeWitt athletic program to encourage student participation in a number of sports, co-curricular activities, and clubs. Student specialization in one sport year round goes against the District philosophy of developing well-rounded individuals. Multi-sport athletes are given preference in the selection process for all school awards.

SUBSTANCE USE AND POSSESSION POLICY and PENALTY

Students may not possess, consume (or “taste”), sell, distribute or exchange alcoholic beverages, alcohol-infused energy drinks, herbal incenses such as Spike Max and other brands or similar products, bath salts, illegal substances (i.e. inhalants, marijuana and hashish, cocaine, LSD, PCP, heroin, amphetamines, steroids, and look-alike drugs or any substance referred to as a “designer” drug, etc.), and drug paraphernalia (which includes but is not limited to rolling papers, pipes of any sort, hypodermic needles, and any other container or item that can be used to deliver, carry, or ingest illegal substances, herbal incense, or alcohol) during the school day, prior to a school-sponsored event, at a school-sponsored event or on school grounds at any time. Students may not be under the influence of any of the above-mentioned alcoholic beverages, herbal incenses, alcohol-infused energy drinks, or illegal substances during the school day, at a school-sponsored event or on school grounds at any time.

Students who violate the above regulation will be subject to the following:

1. Immediate parental notification and removal from the school or school activity.
2. Suspension out of school for five (5) days.
3. Superintendent's hearing as appropriate.
4. Notification of law enforcement agency as appropriate

Upon return from out-of-school suspension, students will be required to meet with the school's student assistance counselor. The counselor will make a recommendation regarding subsequent meetings.

At Jamesville-DeWitt, we are committed to fostering a safe and supportive environment for our student athletes. To uphold a high standard of conduct and ensure the integrity of our athletic programs, the following substance use and possession policy is in effect:

1. ****Prohibited Substances****: Student athletes are strictly prohibited from using or possessing illegal substances during school hours, at school events, or during athletic competitions, including games, matches, and contests.
2. ****Consequences for Violation****: Any student athlete found in violation of this policy will face immediate termination of their participation on a school team for the duration of the current season. Additional consequences, in accordance with the school's code of conduct, will also be applied.
3. ****Mandatory Counseling****: Athletes who violate this policy are required to complete a counseling session with the Student Assistance Counselor (SAC) before regaining eligibility to participate in any subsequent sports season.
4. ****Repeated Violations****: A student athlete who violates this policy on two occasions within the same school year will be suspended from all sports for a period of two consecutive sports seasons following the season in which the second violation occurred.

We believe that adherence to this policy is essential for maintaining the health, safety, and integrity of our athletic programs. We appreciate the cooperation of all student athletes and their families in promoting a culture of responsibility and respect within our school community.

Student Self Reporting

Students who confidently approach a coach or school official for help with a substance use problem will be given appropriate confidential help. If there has been no public incident or violation, there will be NO athletic suspension as long as it can be determined that participation is not a health risk to the individual or a safety risk to teammates and/or opposing athletes

SOCIAL MEDIA POLICY -

The Jamesville Dewitt athletic program emphasizes the importance of positive sportsmanship, particularly in the realm of social media. Athletes are accountable for all posts that may reflect poor sportsmanship, including but not limited to inappropriate texts, social media posts, taunting, bullying, and negative comments on any platform. Student athletes are expected to uphold a standard of respect and integrity at all times.

Violations of this policy may result in consequences, including but not limited to game suspension, a written apology, or removal from the team. Furthermore, additional repercussions may apply if the infractions are deemed to violate the Code of Conduct. It is imperative that all athletes recognize the impact of their online behavior.

The Jamesville-Dewitt Athletics Department does not maintain any official social media accounts affiliated with the school's athletic teams. Any social media presence related to the teams is the result of efforts by outside entities. For all official communications, JD relies solely on Parent Square. This streamlined approach ensures consistent and accurate information reaches our community.

SUSPENSIONS: OSS & ISS INFRACTIONS POLICY (linked to district code of conduct "Suspensions")

Athletes are expected to follow their building code of conduct. Infractions that result in suspension will be handled as follows:

- Suspended students may not attend classes or activities or enter upon any school property for the duration of the suspension.
- Suspended students may not attend any off-campus activities involving teams or organizations under the auspices of the school district (athletic contests, musical performances and the like) from the time the suspension is assessed until the next regularly scheduled school day, including any such activities held on weekend days. Violators will be subject to the penalties associated with trespassing.
- When a suspension is assessed at the conclusion of a school week, the suspension period shall commence on the next regularly scheduled school day. Weekend extracurricular activities are subject to the restrictions of the suspension period, but do not count as a part of the total number of days in the suspension.

In-school suspensions follow the same restrictions and may not attend extracurricular activities for the duration of the suspension.

TRANSPORTATION POLICIES

Self Transportation to / from competitions

NYSED guidelines for athletics transportation require districts to provide transportation for students to and from school, including athletic events, by school authorized vehicles only. Jamesville-Dewitt doesn't provide transportation to in-district school sporting contests. This includes: CBA, MPH

If allowed by the coach or program, an athlete can be signed out with a district transportation waiver at the contest. Only the parent or legal guardian may sign out an athlete. Athletes cannot be signed out by siblings, grandparents, or friends. Notes to ride home with individuals other than legal guardians cannot be accepted by the coach.

In the event of a conflict and alternate transportation may be needed, the Building Principal or Director of Athletics may authorize transportation exceptions. Requests should be made using the Transportation Waiver Form and should be submitted for approval from the Athletic Office or Principal. Email the Transportation form to the [Athletic Office](#).

List of approved reasons:

1. Legal Appointments
2. Funeral
3. Academic or school sponsored/related (Field trip, BOCES, National Honor Society, academic exam of any type, concert/performance, etc).
4. Doctor & Dentist appointment.
5. Religious Events
6. Emergency*
7. College Visit

State Championship Transportation

The Board of Education transportation policy for student athletes participating in NYSPHSAA Championship events aims to ensure that our athletes receive the support and resources they need while representing Jamesville DeWitt. We believe this policy will enhance the experience for our athletes and provide them with the necessary support during their championship pursuits.

Team Sports: teams will travel via coach for trips that are two hours or longer. This facilitates comfort and focus in the travel experience.

Individual Sports: individuals will travel via the Section III coach bus service. In circumstances where a coach bus isn't available for individual athletes, the district will arrange transportation using a Tahoe, accompanied by a coach driver.

TRYOUTS POLICY -

The fair and transparent tryout process will be standardized for all teams. The process outlined aims to foster a supportive environment and promote the development of all student athletes, regardless of whether they make the team. Each athlete will be allowed a three-day tryout, regardless of their level or start date up to one week of the start date unless approved by the Athletic Director. .

Upon the completion of tryouts, coaches are required to individually communicate with each athlete who had a try out and provide constructive feedback.

Feedback will:

- highlight a minimum of two positive attributes
- identify at least one specific areas of improvement

WEATHER POLICIES - NYSPHSAA -

NYSPHSAA THUNDER and LIGHTNING POLICY: This regulation governs interscholastic sports games and practices from the beginning of the Regular Season through NYSPHSAA Finals.

1. Thunder and lightning necessitates that all outdoor athletic activities and contests be suspended. The occurrence of thunder and/or lightning is not subject to interpretation or discussion - thunder is thunder, lightning is lightning. a. With your site administrator, set up a plan for shelter prior to the start of any contest.
2. When thunder is heard and/or when lightning is seen, the following procedures should be adhered to:
 - a. Suspend play and direct participants to go to shelter, a building normally occupied by the public or if a building is unavailable, 8 participants should go inside a vehicle with a solid metal top (e.g. bus, van, car).
 - b. Do not permit people to stand under or near a tree; and have all stay away from poles, antennas, towers and underground watering systems.
 - c. After thunder and/or lightning have left the area, wait 30 minutes after the last boom is heard or strike is seen before resuming play or competition.

NYSPHSAA TORNADO POLICY

Definitions:

Tornado Watch: indicates tornados are possible. Event staff must continue to monitor the situation.

Tornado Warning: Tornado sighted, tornado siren sounds signaling tornado sighted or tornado indicated by radar

TORNADO GUIDELINES/PROCEDURES

1. If a tornado warning is initiated, immediate event delay shall be implemented, and all participants, spectators and athletic staff shall seek shelter immediately. Once inside a secure location, tune to local weather alert radio to be informed of the storm location, path and duration of tornado warning.
2. Warning may be extended, or a new warning issued at any time, so continue to monitor.

3. Safe shelter from tornadoes inside lowest building level, away from exterior walls/windows, with windows closed. All Clear-tornado warnings will expire after duration specified by the National Weather Service and the site director will notify all involved that the warning has ended, and the event may resume.

HEAT INDEX and WIND CHILL

Measurement:

1. Wet Bulb Globe Temperature (WBGT) is a measure of the heat stress in direct sunlight, which takes into account: temperature, humidity, wind speed, sun angle and cloud cover (solar radiation). This differs from the heat index, which takes into consideration temperature and humidity and is calculated for shady areas.
2. The RealFeel temperature, like the Heat Index, considers relative humidity a major factor in its final calculation — in addition to other weather influences, including cloud cover, sun intensity, and even the sun's angle. 9 NYSPHSAA has developed policies and procedures for dealing with excessive heat or cold at practice and games. Please see the NYSPHSAA website or handbook for the complete policy and procedures. Play may resume once the index returns to acceptable levels. Information is available at the following sites:

Return to play Protocol following a concussion.

The following protocol has been established in accordance to the National Federation of State High School Associations and the International Conference on Concussion in Sport, Prague 2004. •

When an athlete shows **ANY** signs or symptoms of a concussion:

1. The athlete will not be allowed to return to play in the current game or practice.
2. The athlete should not be left alone, and regular monitoring for deterioration is essential over the initial few hours following injury.
3. The athlete should be medically evaluated following the injury.
4. Return to play must follow a medically supervised stepwise process.

The cornerstone of proper concussion management is rest until all symptoms resolve and then a graded program of exertion before return to sport. The program is broken down into six steps in which only one step is covered a day. The six steps involve the following:

1. No activity, complete rest until asymptomatic for seven consecutive days.
2. Light aerobic exercise such as walking or stationary bike, etc. No resistance training.
3. Sport specific exercise such as skating, running, etc. Progressive addition of resistance training may begin.
4. Non-contact training/skill drills.
5. Full contact training in practice setting.
6. Return to competition

If any concussion symptoms recur, the athlete should drop back to the previous level and try to progress after 24 hours of rest.
