Family-School Relationships Survey

Barriers to Engagement

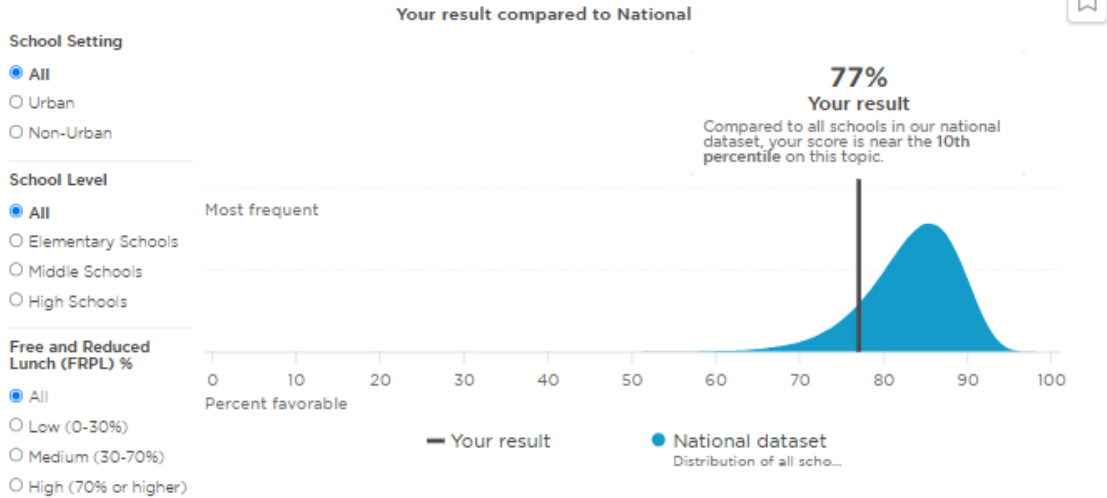

Based on 214 responses

Factors that can create challenges for families to interact with or become involved with their child's school. Survey-takers responded to the question, "How big of a problem are the following issues for becoming involved with your child's current school?"

What are the results for this topic?

77 %
responded favorably

How do these results compare to benchmarks? ?

School Safety

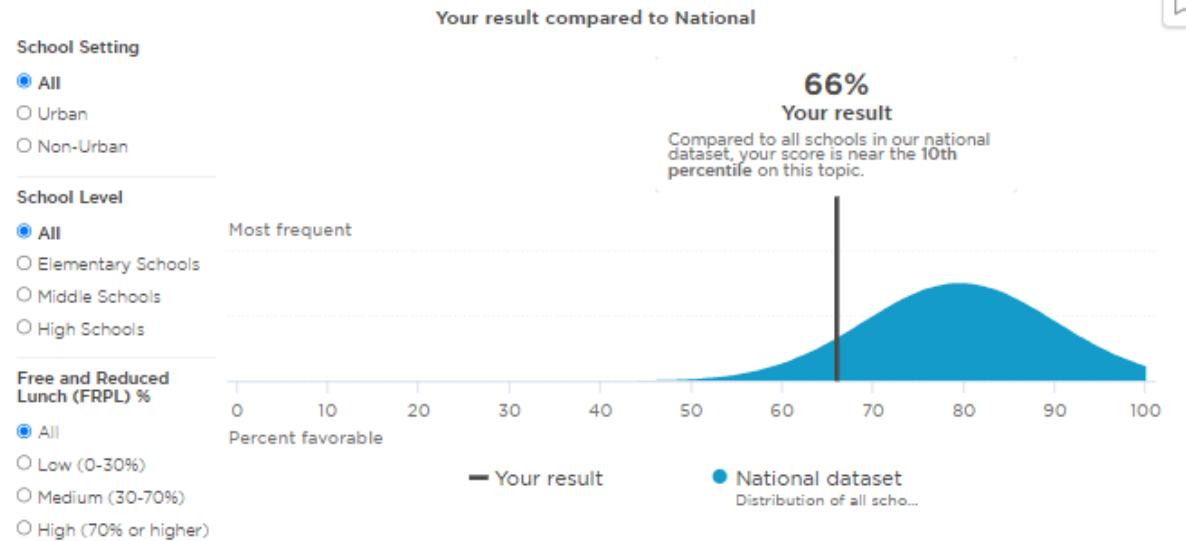

Based on 214 responses

Perceptions of student physical and psychological safety at school.

What are the results for this topic?

66 %
responded favorably

How do these results compare to benchmarks? ?

Family Support

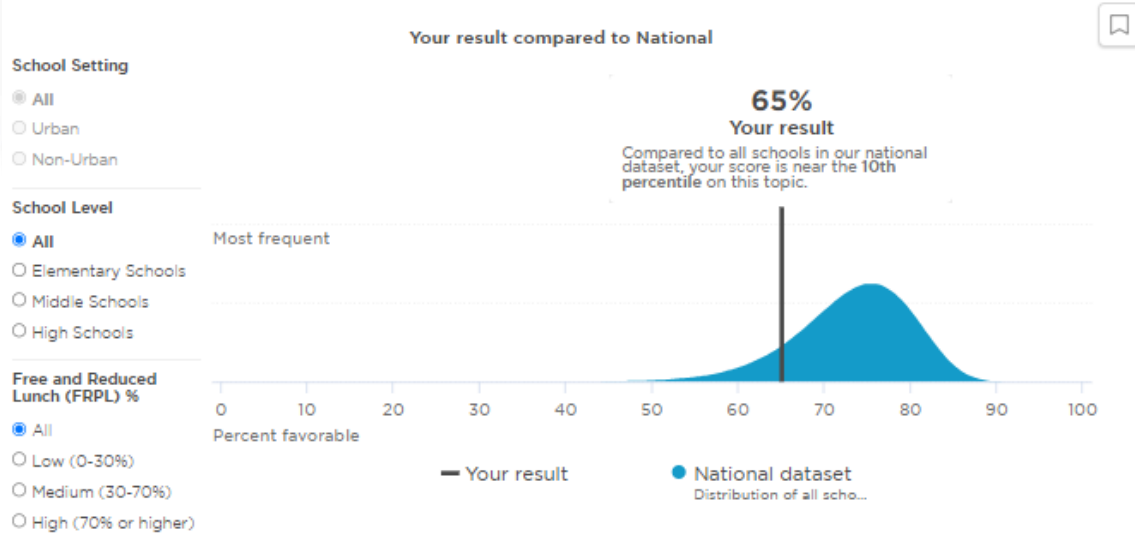

Based on 214 responses

Families' perceptions of the amount of academic and social support that they provide their child with outside of school.

What are the results for this topic?

65 %
responded favorably

How do these results compare to benchmarks? ?

School Climate

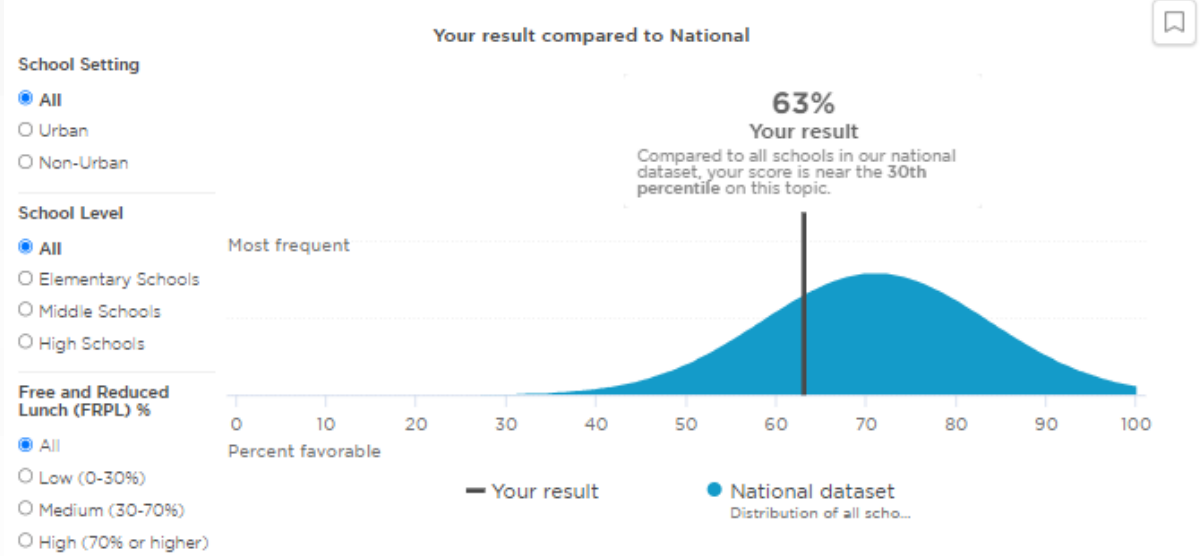

Based on 214 responses

Perceptions of the overall social and learning climate of the school.

What are the results for this topic?

63 %
responded favorably

How do these results compare to benchmarks? ?

Family Efficacy

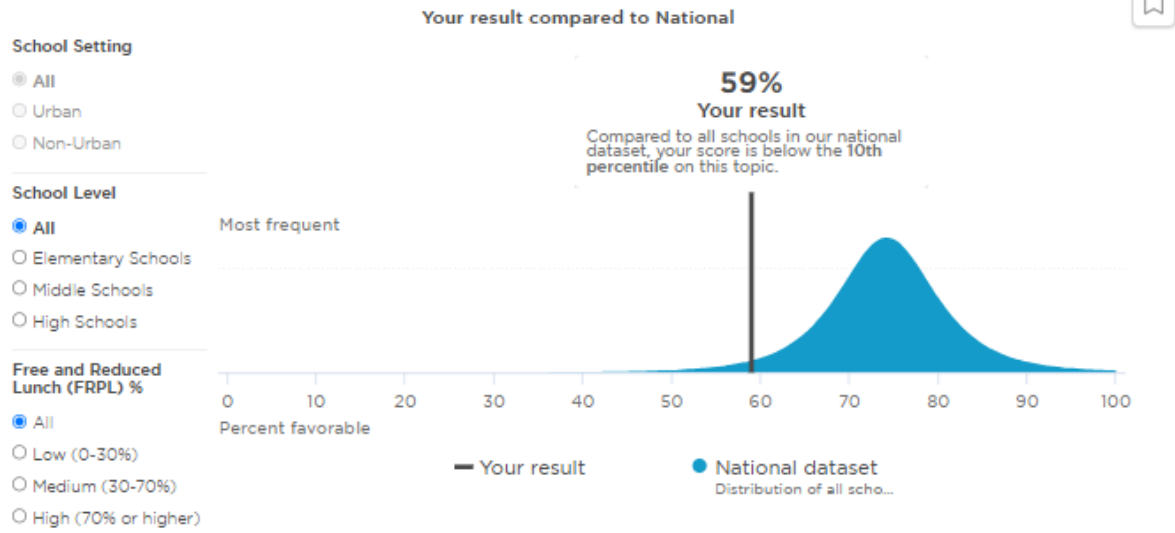

Based on 214 responses

How confident families are with regard to key parenting skills.

What are the results for this topic?

59 %
responded favorably

How do these results compare to benchmarks? ?

Learning Behaviors

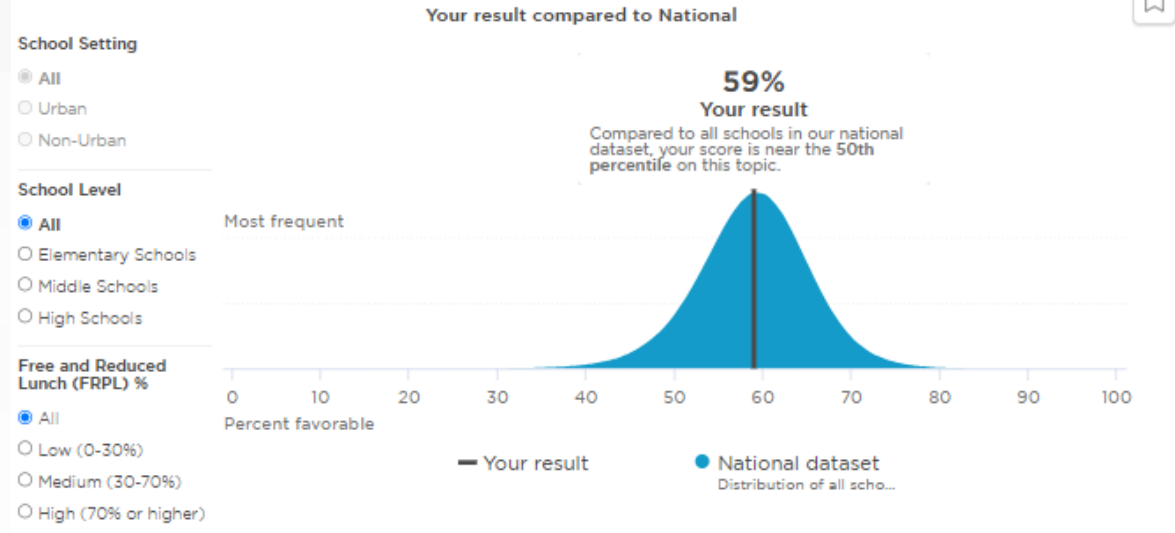

Based on 214 responses

Families' perceptions of their child's learning-related behaviors.

What are the results for this topic?

59 %
responded favorably

How do these results compare to benchmarks? ?

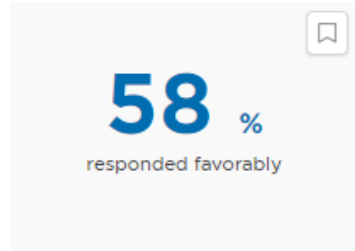

School Fit

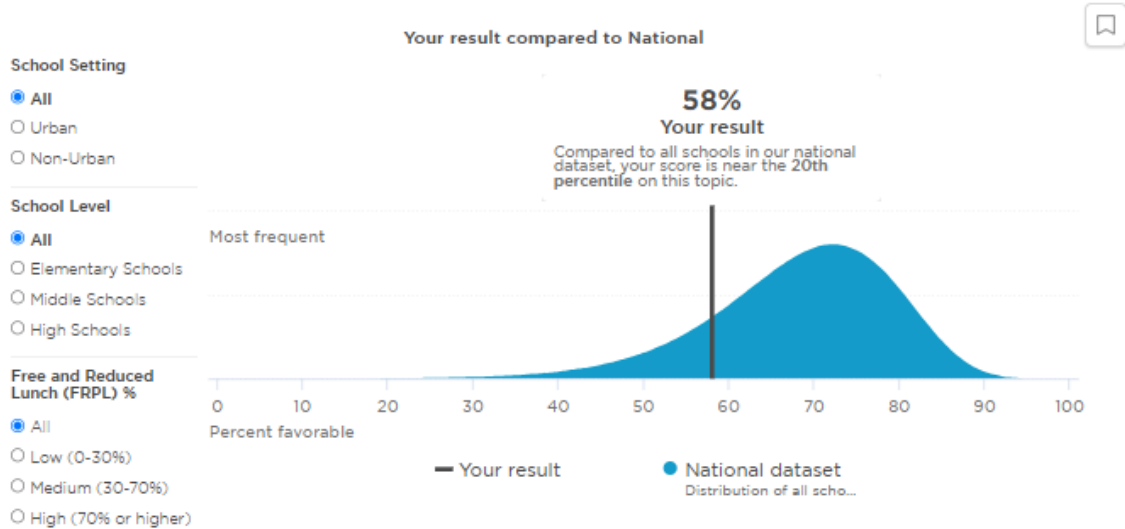

Based on 214 responses

Families' perceptions of how well a school matches their child's developmental needs.

What are the results for this topic?

How do these results compare to benchmarks? ?

Family Engagement

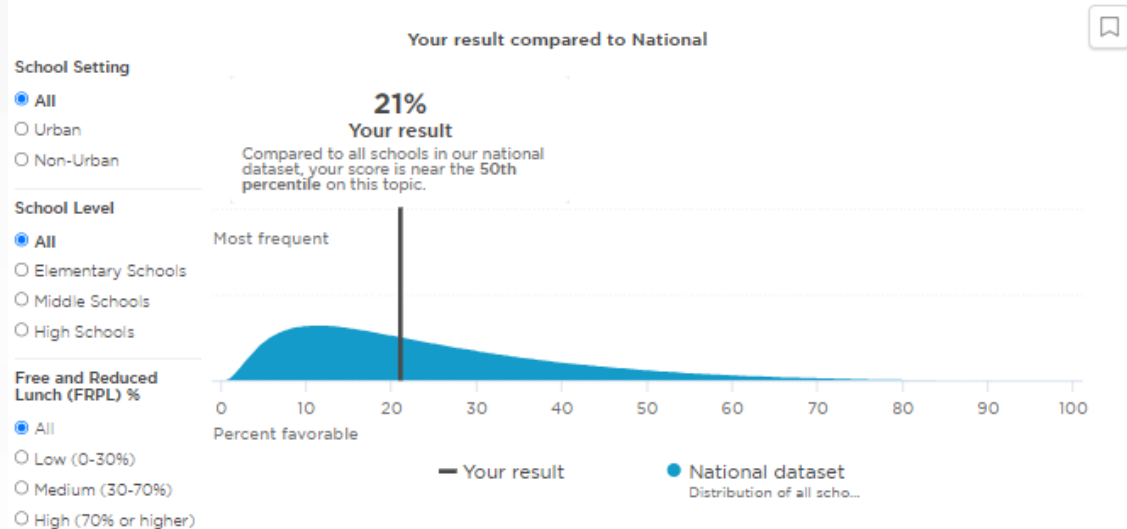

Based on 214 responses

The degree to which families become involved with and interact with their child's school.

What are the results for this topic?

How do these results compare to benchmarks? ?
